EDUCATION

2020 - 2024

GC UNIVERSITY FAISALABAD

BACHELOR OF COMPUTER
SCIENCE

2017 - 2018

PUNJAB COLLEGE OKARA

- ICS(Computer Science)

SKILLS

- HTML
- CSS
- JAVASCRIPT
- REACT.JS
- BOOTSTRAP
- MATERIAL UI
- SOURECE CONTROL
(GIT,GITHUB,JERA,SLACK,FIGMA,VS
CODE)

LANGUAGES

- English
- Urdu

ABOUT ME

I'm a passionate React-JS developer with experience in developing web application. My experience lies in building scalable and efficient front-end application using react-js , Redux and other modern javascript technologies.

WORK EXPERIENCE

FRESHERS.

KEY RESPONSIBILITIES

- Design Implementation: Translate UI/UX designs into functional and aesthetically pleasing web pages using HTML, CSS, and JavaScript. This involves following design specifications and ensuring cross-browser compatibility.
- Performance Optimization: Optimize web pages for speed and performance, including minimizing load times, optimizing images, and ensuring efficient code execution.
- Responsive Design: Ensure that web pages are responsive and work well on a variety of devices and screen sizes. This includes implementing media queries and flexible grid layouts.
- User Interaction: Develop and maintain interactive features and functionalities using JavaScript and frameworks/libraries like React, Angular, or Vue.js. This involves handling user inputs, events, and dynamic content.
- Code Quality: Write clean, maintainable, and reusable code. Follow best practices for coding standards and version control, often using tools like Git.
- Cross-Functional Collaboration: Work closely with designers, back-end developers, and other team members to integrate front-end components with server-side logic and ensure cohesive project development.
- Testing and Debugging: Test web applications for bugs and issues, using tools and techniques for debugging and performance analysis. Ensure that all features work as expected across different browsers and devices.
- Accessibility: Implement accessibility best practices to ensure that web applications are usable by people with disabilities. This includes following guidelines such as WCAG (Web Content Accessibility Guidelines).

PROJECTS

- CRUD APPLICATION
- TODO LIST
- ONLINE FOOD ODERINING WEBSITE
- SOCIAL MEDIA LOGIN PAGE
- CREATE CAR-SWITCH WEBSITE (HTML,CSS)
